Address

City / Zip Code

1. **Permission for Access:** I agree to allow San Mateo County Energy Watch program staff or subcontractors access to my facility to evaluate possible energy efficiency measures. I realize that this may require San Mateo County Energy Watch staff to extend ladders, and to open fixtures and service hatches throughout the property.
2. **Confidentiality:** I understand that any items designated below as sensitive or confidential will remain so within San Mateo County Energy Watch, Pacific Gas & Electric Company, and the California Public Utilities Commission.

-
3. **Liability:** I understand that the City County Association of Governments of San Mateo County and Ecology Action are receiving funds from PG&E for the San Mateo County Energy Watch program, but the parties agree that PG&E is not liable to any party for any losses or damages, including incidental or consequential damages, arising from this Agreement.
 4. **I understand that receiving this free evaluation does not obligate me in any way,** nor does it guarantee that program benefits will be extended to my property.

California consumers are not obligated to purchase any full-fee service or other service not funded by this program. The San Mateo County Energy Watch program is implemented by C/CAG and Ecology Action and is funded by California ratepayers under the auspices of the California Public Utilities Commission.

Los consumidores en California no están obligados a comprar servicios completos o adicionales que no esten cubiertos bajo este programa. Este programa está financiado por los usuarios de servicios públicos en California bajo la jurisdicción de la Comisión de Servicios Públicos de California (CPUC).

Eligibility

The San Mateo County Energy Watch program provides energy efficiency consulting, rebates, and turn-key installation of efficient equipment to municipal, special district, non-profit, and commercial PG&E electricity customers in San Mateo county. Multi-family buildings are eligible for assistance in their common areas only. Some very large businesses and grocery stores may have additional requirements to participate, so be sure to confirm eligibility with your San Mateo County Energy Watch Energy Specialist.

Process

1. Qualifying customers receive a free energy audit and report detailing recommended energy-saving measures, expected installation costs, estimated energy savings and rebate amount.
2. When the customer has reviewed the report and decided to implement the San Mateo County Energy Watch recommendations, the program will make pre-screened contractors available to perform the work at a time that is convenient to the customer.
3. Finally, San Mateo County Energy Watch will perform a follow-up inspection to confirm the quality of installation. After a successful installation, the customer is responsible to the contractor(s) for the portion of installation costs not covered by the rebate, if any.

Restrictions

This program is available until all program funds have been allocated. Funds will be distributed on a first-come, first-serve basis.

ADDENDUM

THIS ADDENDUM TO THE San Mateo Energy Watch Program is effective as of January 1, 2009 (Addendum). The purpose of this Addendum is to allow work to continue under certain 2006-2008 energy efficient programs until the California Public Utilities Commission (CPUC) makes a final decision on the 2009-2011 energy efficient Application.

1. On October 16, 2008 the CPUC issued a Bridge Funding Decision authorizing funding for work performed after December 31, 2008 and until the date which is no later than three months after the effective date of a final decision by the CPUC on the 2009-2011 Application, or December 31, 2009, whichever occurs first (Bridge Funding Period).
2. For those projects under this Program which work may be done or completed after the Bridge Funding Period, any payments made to customers will be subject to CPUC approval and in accordance with the CPUC's final decision on the 2009-2011 Application.
3. The remaining terms of the 2006-2008 San Mateo Energy Watch Participation Agreement, as amended, restated, supplemented or modified under this Addendum shall remain in full force and effect for such Bridge Funding Period. In the event of any inconsistency between the terms of the 2006-2008 San Mateo Energy Watch Participation Agreement and the terms of this Addendum, the terms of this Addendum shall control.

I have read and agree to the terms and conditions in this Program Participation Agreement and its Addendum.
